Re: West End Water Co. CC&N Expansion, Docket No. W-01157A-05-0706 and
Decision No. 69672; Lost and Unaccounted for Water

Dear Madam/Sir:

In compliance with the above referenced Docket and Decision, we offer the following.

West End Water Co. (WEWC) has undertaken several measures over the past couple of years to reduce the Lost and Unaccounted for Water. To date, WEWC has changed approximately 18% of the meters in service. The meter change-out program was based on the age and usage shown on the meters. Also, WEWC has done a comprehensive evaluation of the water distribution system looking for any possible leaks and unauthorized connections. One (1) unauthorized connection was found that was not metered and a water meter has been installed.

Please find enclosed a summary of the Lost and Unaccounted for Water for the 12 months from July 2006 through June 2007. During the 12-month period, the Lost and Unaccounted for Water was less than 6%.

WEWC will continue to closely monitor the Lost and Unaccounted for Water along with continuing the meter replacement program as needed to help ensure that the water loss remains below the 10% level.

Cordially,

Marvin E. Collins
Manager
